### LAUNCH CREDIT BUREAU OCT. 1

New Association Will Be Organized Next Thursday

The Copper Country Credit Bureau will be formally organized by the Copper Country Commercial club next Thursday, October 1. When the new organization is formed it will be another feather in the caps of those active members who have been pushing the issue for several months. The bureau will be affiliated with the commercial club and will take into its roster the Portage Lake Businessmen's association, as charter members.

Office rooms have not been designated for the organization as yet, but announcement has been made that Miss Lydia Salo, secretary of the Portage Lake association, will have charge of the office of the new department.

The bureau will be organized with a membership of 150, not including the membership of the Portage Lake Businessmen's association. A sweeping campaign will be inaugurated to increase the membership so that in the near future the bureau will be one of the strongest organizations in this district.

The credit bureau will be started right. In the preliminary organization of this department, the assistance of Samuel J. Nester, manager of the Merchant's Credit & Adjustment company of Toledo, O., one of the most successful bureaus in America, has been secured. The Toledo system will be adopted throughout and Mr. Nester will aid in the organization.

The benefits of the bureau will be many and every resident of this district will benefit by the organization of this department.

#### DENY OFFER OF TROPHY.

Duluth Donors Claim Cup Was Not Accepted by Association.

Members of the Michigan Soo hockey team are criticizing the Manley-McLennan Insurance agency of Duluth on the grounds that the Zenith club has failed to make good its offer to donate a trophy to the winners of the Western hockey championship. The title was won by the Soo seven but when an effort was made to secure the trophy, the supposed donors denied having made such an offer.

As a matter of fact, the Manley-McLennan firm, offered to donate a cup to the winners of the national title, but the association did not accept because of the suggestion of advertising contained in the offer. Later, James MacNaughton, general manager of the Calumet & Hecla Mining company offered a cup for the purpose and the offer was accepted. This trophy recently was delivered to the Cleveland, O., team, the winner of the national championship.

When their original offer was rejected, the Duluth concern offered to put up a trophy for the winners of the western championship and this offer was made at a meeting of the western division teams in Houghton. The proceedings are recorded in the minutes of the meeting as the offer was accepted in good faith.

Mrs. H. P. Terrio of Houghton, delegate from Memorial temple, Pythian Sisters; Mrs. Arthur Caldwell of Hancock, delegate from Laurium temple, and Mrs. Herbert Rich, a grand lodge officer, left last evening to attend the state convention of Pythian Sisters at Saginaw.

### THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidentially) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

#### FARMERS WANT TELEPHONES.

Responding to a request of Otter Lake farmers Manager F. E. Reiff of the Michigan State Telephone company went to Otter Lake recently to explain the operation of a rural telephone company, similar to those existing in the Lake Linden, Oskari and Baraga-L'Anse districts.

Mr. Reiff gave the farmers a detailed exposition of the costs and methods of operating such a company and they appointed a committee to consider the organization. If the line is built it will run from Otter Lake to Keweenaw Bay and will have six to eight subscribers.

#### SOO TEAM BEMOANS LOSS OF GAME WITH HOUGHTON

#### LOCK CITY ELEVEN HINTS FOOTBALL PLAYERS HAVE FRIGID EXTREMITIES.

The Soo high school team entertains a notion that the Houghton high is afflicted with "cold feet," so far as playing the Lock City eleven this season is concerned. In fact, it speculates on the probability of having to meet teams that in past years have been inferior to the local squad.

Evidence of the Soo claim is the following from the Soo News:

Has Central High school elevated itself above other Upper Peninsula schools in the realm of sport? Did her endless chain of gridiron victories last fall establish a title in the championship of Upper Michigan which she will hold undisputed again this year?

It is so indicated by the fact that Houghton, Nezamee, Ishpeming and Marquette high schools have "point blankley" refused to schedule any games with the Soo school this year. It is generally known that each of these schools turns out a strong football aggregation every year and are foremost contenders for peninsula honors. Their frank refusal to meet the Soo this year minus any specific reasons was an unlooked for blow to Central's football management and the team also.

Three other Upper Peninsula schools have signified their intention of playing the Soo, however. These are Gladstone, Escanaba and Newberry. The former team is expected to play the Soo next Saturday. Dates for the other games have not yet been arranged. Besides these, there are two lower Michigan teams which will likely be scheduled. They are Alpena and Charlevoix.

Last year's football record is the only reason that can be advanced by the local management as an explanation why the Soo has been turned down by these schools. Coach Barber's men downed the Houghton crowd by a score of 23 to 7, last fall, and trimmed Ishpeming high to the tune of 38 to 0.

#### LAMPSA MURDER CASE TO BE GIVEN TO JURY TONIGHT

#### ARGUMENTS TO BE CONCLUDED THIS AFTERNOON—COURT OVERRULES MOTION.

At the opening of the Houghton county circuit court this morning the case of John Lampsa, charged with the murder of August Salo at Red Jacket March 30, was resumed. The case probably will go to the jury this evening.

One important feature of the trial this morning was a motion made by the attorneys for the prosecution. Attorney Lucas moved that as there had been no evidence to show that the defendant had in any way used a deadly weapon in self defense the jury be instructed to return a verdict of either guilty of murder in the first degree or manslaughter. The contention of the prosecution was that Lampsa had not shot in self defense and that he had no reason whatsoever for using any deadly weapon.

Judge O'Brien overruled the motion and the case will go to the jury tonight.

#### WILL SHOW LANTERN SLIDES.

Instructive Views Will Be Shown in Houghton Next Monday.

While in Chicago this summer, L. A. Chase, instructor in history at the Houghton Central school, completed arrangements with the Ryerson library at the Art Institute, whereby their collection of twelve thousand lantern slides might be made available for the work in history at the Houghton high school. The first of these exhibitions will begin Monday afternoon, when slides illustrative of the art of Egypt, Assyria in pottery, sculpture, painting and architecture will be shown. In order that the public may have an opportunity of seeing these slides, they will also be shown at the Houghton Public Library Sunday afternoon at 2:30 o'clock.

#### VIOLATES GAME LAWS.

Gus Moilanen Spends Five Days in Jail for Shooting Partridge.

Gus Moilanen was brought to the county jail last evening from Laird township charged with violating the game laws. Game Warden Wilson apprehended Moilanen yesterday with a partridge in his possession and he was fined \$10 and costs. He was unable to raise the money and a sentence of five days was meted out.

Game Warden Wilson and his deputies are on the lookout for violators and persons caught with game in their possession out of season will be punished to the full extent of the law.

## Hancock Department

### TYOMIES WILL MOVE PLANT TO SUPERIOR

Socialist Paper to Leave Hancock on October 16

It was officially announced today by officials of the Tyomies Publishing company that the firm will move from this city October 16 and will locate in Superior, Wis. The firm's headquarters are located at Tezcoco and Franklin streets, where the Tyomies, a Finnish socialist paper, is published. Manager Logo, who now has charge of the concern, will assume control when the company is located in its new home.

John Nummivuori, former business manager of the Tyomies, resigned several weeks ago and it is freely stated that he has purchased a \$20,000 farm in Canada and has settled down to the "quiet" life. Mr. Nummivuori was well known in this district, having become notorious through his connections with that paper and his socialistic tendencies.

Directors of the firm have discussed leaving Hancock for several months and it was rumored not long ago that they were to locate in Duluth. For various reasons a site was not secured in the Zenith city and the directors then cast about for some other locality. Representatives were sent to Superior and returned several days ago with their report. This evidently was favorable for the directors have decided to leave Hancock and have set a definite date for their departure.

#### Difficulties in Path.

It has been generally understood for some time that the Tyomies company has been existing under difficulties. One reason for this, it is stated, is due to the outcome of the strike, which was supported by the Tyomies. When the Western Federation of Miners and the socialistic tendencies of that organization were exposed, subscribers discontinued their reading of the sheet. The subscriptions of the paper fell off heavily, and the paper lost its influence among the Finnish residents.

In an attempt to stem the tide an effort was made to secure money through a loan from the Finnish Benefit association. This failed, although for a time, it appeared as though the company would be favored. A meeting was held to vote on the question and no thoroughly aroused did the members become that the decision was overwhelmingly against the issue. Older members claimed that they had been paying dues to the association for twenty years and that to make this loan, their organization would be crippled.

#### Radicals Weeded Out.

A split in the board of directors as to the policy of the paper occurred several months ago and later the element styled the "radicals" were weeded out. They are now located in Duluth and are publishing a paper, which it is claimed has I. W. W. tendencies. The conservatives, which formed the other element, remain in possession of the paper.

It was stated by good authority that the building owned and occupied by the company will be leased, but the name of the concern has not been divulged. Preparations are now being made for the removal of the office fixtures and the presses to Superior and by October 16 the Tyomies Publishing company of Hancock, Mich., will be no more.

The planting was done by John A. Doelle, superintendent of schools, who with F. E. Reiff, manager of the telephone company, was at Otter Lake on business over Saturday and Sunday.

The match was played in relays, three players from each team playing the first half of the match, which consists of 75 balls, while two cue artists from each team played the last half. The first relay gave the local players a lead of eight points, the score being 75 to 67. In the last period of play Zerbel of Hancock did some star performing with the cue and won the game with ease.
